

Title I: Schoolwide Plan Summary

All teachers and staff are highly qualified and strive to help each student reach their potential. Professional development is a priority in our efforts to use best practices to help all students. We will make timely and effective interventions for those who need additional assistance. We want to encourage and support parents to actively participate in the education of their children. Parental involvement and communication is facilitated by: TCN phone calls, websites school and teacher conferences with parents, e-mail, meetings, literature / math nights, dance festival, etc. Working together we can help all students succeed.
